SUMMARY

Passionate student and had a great knowledge of IT industry and having a strong hold in python programming and design side. Excited and looking for the opportunities to enhance my skills in IT industry and to get some real valued experience.

TECHNICAL SKILLS

Programming Languages: Python, C++ , Java, SQL, HTML, CSS,JS

Tools: Snowflake,Pentaho,Fivetrann,Figma,Canva.

Libraries & Tools: NumPy, Pandas, Git,

PROJECTS

AGRICTECH

Feb 2024

Problem:-

- The farmers are not aware that how the technology can make the life of farmers too easy to farm.

Solution

- I with my team thought of a device called Water Level Adjuster and also created a UI design of our application which would be easy to understand for farmers..
